# PREFACE

This volume covering the years 1947-1950, marks the third permanent cumulation of the *Bibliographic Index,* and includes material that has been published in the 1947, 1948, and 1949 annuals and the quarterly numbers of 1950, including the March 1951 issue.

Since 1946, foreign publications have been flowing freely into the country so that a large number of bibliographies from such publications are included in the Index.

This volume could not have been compiled without the assistance of many collaborators, including that of Mrs. Dorothy H. Brown, formerly managing editor of the Index. Recording and classification of many bibliographies have been done by Mr. Birger Lundell, Miss Eugenia Patterson, Mr. Jack E. Brown, and Mrs. Adelaide Jankel of the New York Public Library, Miss Dorothy Chamberlain of the Columbia University Library, and by Mr. Benjamin W. Rudd, Miss Helen Bush, and Mr. Donald W. Woolery of the Library of Congress.

Titles used are those of the book, pamphlet, or article, but the page references are for the bibliographies only. Frequently the bibliography covers a wider field than that of the book as indicated in its title. The following sample entries illustrate the order of information given in the references.
